**Re: Request for an extension of the Sunset Clauses for the Enbridge Northern Gateway Project by Northern Gateway Pipelines Inc. and the Aboriginal Equity Partners Limited**

June 27, 2016

To whom it may concern:

On behalf of Yekooche First Nation, this letter is to confirm that we fully support the request from the Proponent of the Northern Gateway Project for an extension of the expiry dates for the Project's approval Certificates until December 31, 2019.

We believe that Enbridge will adequately address all recommendations and requirements as outlined by the regulatory agencies.

In the time since Enbridge's original Project application, we feel that Enbridge has worked closely and responsibly with First Nations throughout Alberta and British Columbia.

Yekooche First Nation views this Project as an economic stimulus project that is desperately needed. We are hopeful that the Enbridge Northern Gateway Project moves forward and obtains the support that is required.

Thank you
