Notice of Abandonment Hearing
MHW-004-2016
Delphi Energy Corp. (Delphi)
Application to Abandon the Pesh-Petitot Pipeline
Pursuant to paragraph 74(1)(d) of the *National Energy Board Act* (NEB Act)
and section 50 of the *National Energy Board Onshore Pipeline Regulations*

The Application

On 26 May 2016, Delphi applied for leave to abandon the Pesh-Petitot Pipeline (Project). The Pipeline is a 15.1km pipeline that operated north of Fort Nelson, BC from b-016-1/094-P-08 in BC to 13-08-121-11 W6M in Alberta. The Pipeline has an outside diameter of 168 mm and was used to transport sour natural gas and produced water.

Delphi proposed to abandon the Pipeline in-place. Abandonment activities were undertaken by the previous owner prior to 2007 but not completed. Delphi is proposing to complete the abandonment activities on the existing Delphi right-of-way by capping and cutting off the pipeline at depth. The land use in proximity to the Pipeline right-of-way is primarily oil and gas activity, hunting and trapping. Abandonment work is proposed to be completed by February 2017.
