

23 August 2016

National Energy Board  
517 Tenth Avenue SW  
Calgary, AB  
T2R 0A8

Filed Electronically

**Attention: Ms. Sheri Young, Secretary of the Board**

Dear Ms. Young:

**Re: Energy East Pipeline Ltd. (Energy East)  
TransCanada PipeLines Limited (TransCanada)  
Energy East Project and Asset Transfer Applications (Consolidated Application)  
Hearing Order OH-002-2016  
Board File OF-Fac-Oil-E266-2014-01-02**

On 28 July 2016, Energy East filed various errata pertaining to its Consolidated Application.<sup>1</sup> The filing mistakenly included two replacement pages with black-lined revisions for Section 11 of Volume 17, Part A: Marine Terminal Complex.<sup>2</sup> The revisions were explained in Table 2 – Energy East Consolidated ESA Errata.<sup>3</sup>

By this letter, Energy East re-submits the two pages as they were originally and correctly filed with the Consolidated Application (see Attachment 1). Table 2 has been revised by removing the explanation that was provided with the July 28 filing (see Attachment 2). The electronic files on the Board's website are being corrected.

If you have any questions, or require any further information, please contact the undersigned or Adrienne Menzies, Facilities Applications Manager, at (403) 920-5364 or [adrienne\\_menzies@transcanada.com](mailto:adrienne_menzies@transcanada.com).

Yours truly,

**Energy East Pipeline Ltd. and TransCanada PipeLines Limited**
