Re: Hearing Order OH-002-2016
File-Of-Fac-Oil-E266-2014-01-02

I am writing to voice my concern over the events leading up to the suspension of the Hearings and subsequent resignation of the Tribunal Members due to the perception of conflicts of Interests as well as bias in favor of the applicant.

Given the seriousness of these allegations, it is in my opinion impossible for a newly appointed Tribunal to continue from where the prior one left off. In order to maintain credibility, fairness and transparency for the public it is therefore imperative that all prior panel sessions, decisions and orders covered by the previous Tribunal MUST BE declared NULL and VOID.

To truly start with a fresh page it is the proper course for the NEB to take. Awaiting your reply.

Sincerely,

Joe Mahabee
