Dear Ms. Young:

**Re: Pouce Coupé Pipe Line Ltd.
Northern System Sweetwater Pump Station Addition – Partial Leave to Open Application No. 2
NEB File No.: OF-Fac-Oil-P123-2015-02 01**

In accordance with the National Energy Board ("NEB") Order XO-P123-005-2016, Amending Order AO-001-XO-P123-005-2016 and Partial Leave to Open ("LTO") Order OPSO-P123-007-2016, Pouce Coupé Pipe Line Ltd. ("Pouce Coupé") is writing today to apply for partial LTO Application No. 2, pursuant to section 47 of the *National Energy Board Act*.

As previously reported to the NEB in partial LTO No. 1, Pouce Coupé had an outage for our Northern System from October 2 through 7, 2016. During that time, Pouce Coupé completed the tie points at the Sweetwater Pump Station at 01-24-80-15-W6M. Accordingly, this partial LTO Application No. 2 is required for the remaining components of the Northern System Sweetwater Pump Station Addition Project.
