Dear Mr. Fischer:

Enbridge Pipelines Inc. (Enbridge)
Application for a Negotiated Toll Settlement for Receipt Tankage

The Board has received Enbridge's 6 March 2006 application for the approval of a toll settlement that has been negotiated between Enbridge and the Canadian Association of Petroleum Producers (CAPP).

On 10 March 2006, the Board issued a letter soliciting comments from interested parties by 17 March 2006. The only letter of comment received by the Board is a letter of support from CAPP.

After examining the application, the Board is of the view that the proposed methodology for Receipt Tankage Tolls would result in just and reasonable tolls and therefore, pursuant to Part IV of the *National Energy Board Act* approves the applied methodology for Receipt Tankage Tolls. The Board notes that as per paragraph 2.11 of its application, Enbridge will annually file the proposed Receipt Tankage Tolls concurrently with and as a supplement to the mainline tariff and toll filing under its Incentive Toll Settlement.

Enbridge is directed to serve a copy of this letter on CAPP and interested parties.

Yours truly,

A handwritten signature in black ink, appearing to read 'Mantha'.

Michel L. Mantha
