Re: MH-3-2008 Enbridge Pipelines Inc. - Detailed Route  
Hearing (DRH) Procedure to fix costs claimed by Mr.  
Lyle Denton and Ms Florence Denton pursuant to  
section 39 of the National Energy Board Act

Dear Ms. Erickson

We have seen Enbridge's reply submission dated September 21, 2009 and have noted that paragraph 4 of the submission, misrepresented our costs claim relating to Mr. Zelinka's February 2009 invoice submitted for reimbursement. We would like the opportunity to provide a very brief sur-reply submission to correct this mistake. This sur-reply is both necessary and appropriate in the circumstances. We respectfully request permission to have Mr. Bateman consider our brief submission to clarify this matter.

Thanking you in advance.

Sincerely,

Lyle Denton
